

SCIENTIFIC PROGRAM

SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

2nd International Conference on **Pediatrics and Child Health**

Theme: From Prevention to Precision: Global Advances in Pediatric and Neonatal Care

Date

May 07-08, 2026

Venue

Kuala Lumpur, Malaysia

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

We are delighted to welcome you to the **2nd International Conference on Pediatrics and Child Health**, scheduled to take place in the vibrant city of **Kuala Lumpur, Malaysia**, on **May 07–08, 2026**.

Building on the success of our inaugural edition, this global gathering will continue to spotlight the interconnected fields of pediatrics and child health. The conference serves as a premier platform for pediatricians, healthcare professionals, researchers, academics, and policymakers to share groundbreaking research, clinical innovations, and best practices aimed at improving child health outcomes worldwide.

Our aim is to unite pediatric professionals across the globe to advance pediatric care through knowledge exchange, collaboration, and innovation.

Join us in Kuala Lumpur for this impactful event and contribute to shaping the future of pediatric and child healthcare on a global scale!. [\(click here for more\)](#)

Conference Schedule

09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - May 08, 2026 (Friday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

2nd International Conference on Pediatrics and Child Health

May 07-08, 2026 | Kuala Lumpur, Malaysia

SPEAKER PRESENTATIONS

Title: Treatment approaches for MDR *Acinetobacter baumannii* CNS in an infant: A case report on external ventricular drain vs ommaya reservoir

Athaya Rahmanardi Muhammad, Brawijaya University, Indonesia

Title: Investigation of factors influencing timely initiation of breastfeeding and delayed exclusive breastfeeding in India

N.B. Mahalakshmi, KMCH College of Nursing, India

Title: Comparative evaluation of the efficacy of Chlorhexidine, Darolac, and Arimedadi oil mouthwashes on salivary pH in special children: A randomized controlled trial

Kalpna Chaudhry, Seema Dental College & Hospital, India

Title: Conservative management of Sever's Disease (Calcaneal Apophysitis): A comprehensive review of treatment efficacy

Tonyclinton Nweke, Wyckoff Heights Medical Center, USA

Title: Medication adherence among children with heart failure at the University of Gondar Comprehensive Specialized Hospital Gondar Northwest Ethiopia

Geta Bayu Genet, University of Gondar, Ethiopia

Title: Assessing potential benefit of a paediatric short stay unit at a secondary hospital in Western Australia

Christine Burke, East Metropolitan Health Service, Australia

Title: Survival status and predictors of mortality among low-birth-weight neonates in Southern Ethiopia: A prospective follow-up study

Jemberu Nigussie, Wollo University, Ethiopia

Title: Extracorporeal membrane oxygenation in children with oncohematological diseases

Elena Ryadinskaya, Dmitry Rogachev National Research Center, Russian Federation

Title: Relationship between serum zinc levels and febrile seizures: A hospital based case control study

Shakeel Ahmed, Sree Gokulam Medical College and Research Foundation, India

Title: Prevalence and factors associated with iron deficiency anaemia among children aged 6-23 months in Southwestern Uganda

Dickson Kajoba, International University, Uganda

Title: Blood culture positive sepsis and sensitivity pattern in nicu at a tertiary care neonatal centre

Manila Singhvi, Narayana Health, India

Title: Breaking the bottleneck: A dual drainage solution to total anomalous pulmonary venous connection

Monisha Madanmohan, Sir HN Reliance Foundation Hospital, India

Title: Transient leukoerythroblastic reaction in a newborn with Rh-Incompatibility and hemolysis: Case report and literature review

Mohammed Beshir, Jimma university medical center, Ethiopia

Title: Low birth weight among neonates: Investigating incidence, risk factors, and AI-enabled predictive modeling for risk estimation

Archana Maju, R.A.K. College, India

Title: Can B-type natriuretic peptide be used diagnostically for patent ductus arteriosus extremely preterm infants?

Juan Longhi, Orlando Health Winnie Palmer Hospital for Women and Babies, USA

Title: Exploring high-dose olanzapine for psychosis in an adolescent with treatment-resistant schizophrenia

Shaurya Aggarwal, University of Texas Health Science Center, USA

Title: Very long chain acetyl coenzyme A deficiency. About a case

Maria Jose Duerto M, Anzoategui State Government Health Administration Fund, Venezuela

Title: Clinical insights and surgical management of pediatric parathyroid adenoma: Outcomes and challenges

Manasa A, Indira Gandhi Institute of Child Health, India

Title: Assessing the suitability of ChatGPT and DeepSeekAI for parents education on common paediatric respiratory diseases

Swetha Manoj, Government Medical College, India

Title: Comparing heated humidified high flow nasal cannula to nasal continuous positive airway pressure as post-extubation respiratory support in preterm infants: A comprehensive systematic review and meta-analysis

Mina Nekuei, Isfahan University of Medical Sciences, Iran

Title: The use of NAVA ventilation in premature infants

Aleksei Anurev, Irkutsk Medical Academy of Postgraduate Education, Russian Federation
